SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 0007

W912DS-05-B-0014

Amendment No. 7

Bid opening date has changed to 14 September 2005 at 2:00 P.M.

The following change shall be made to the specifications.

1) SPECIFICATIONS:**Section 02326**

Section 02326 page 3 paragraph **1.4.5 Navigation Protection and Sequence of Work.**

Add this paragraph to the new paragraph added in amendment 6 after the example given:

-Contractors may work in the channel to side cast material covering the pipes 7 days a week so long as they do not interfere with the vessel traffic, maintain safe navigation at all times and 'move on demand' at the request of the Coast Guard. All contractors equipment movements shall be coordinated with the US Coast Guard Vessel Traffic Center ("VTC") at all times.

THE FOLLOWING QUESTIONS AND ANSWERS ARE PROVIDED FOR INFORMATION PURPOSES ONLY. NOTHING CONTAINED BELOW AMENDS OR REVISES ANY PROVISION OF THE SOLICITATION.

2) QUESTIONS AND ANSWERS:

The New York District has received the following questions about the contract.

Q: 1.4.5 Navigation Protection and Sequence of Work

The Contractor shall maintain the depth of the Federal Channel at 35 feet MLW in all areas to accommodate ship traffic, Where as the specifications allow side casting of the material covering the existing pipelines and based upon the plan cross sections there is up to 11' of material to side cast at locations of the existing channel bottom as -33 MLW the material will now have to be loaded into a bottom dump scow and deposited at locations where the channel is below 35 MLW. Please verify that this is allowed by your DEC permit.

A: Using a scow is not permitted for side casting; contractors should refer to the DEC WQC.

Q: Amendment #6 now only allows channel closings on weekends but there is no mention of how much channel the contractor can occupy during regular working hours. Is it your intention to limit the contractors' access to the channel to weekends only or can we occupy a given percentage of the channel during weekdays? If you only allow the contractor access during the weekend closings the work can not be accomplished within the specified contract duration and we will be forced to add liquidated damages to our price. Will you consider changing the contract duration?

A: The contract duration will not change.

SECTION 00010 - SOLICITATION CONTRACT FORM

The required response date/time has changed from 09-Sep-2005 02:00 PM to 14-Sep-2005 02:00 PM.
